

61 PIPER STREET BROADFORD, VIC

THE LITTLE HOUSE THAT COULD!

Cute as a button and ideally positioned, this home could be the start of great things.

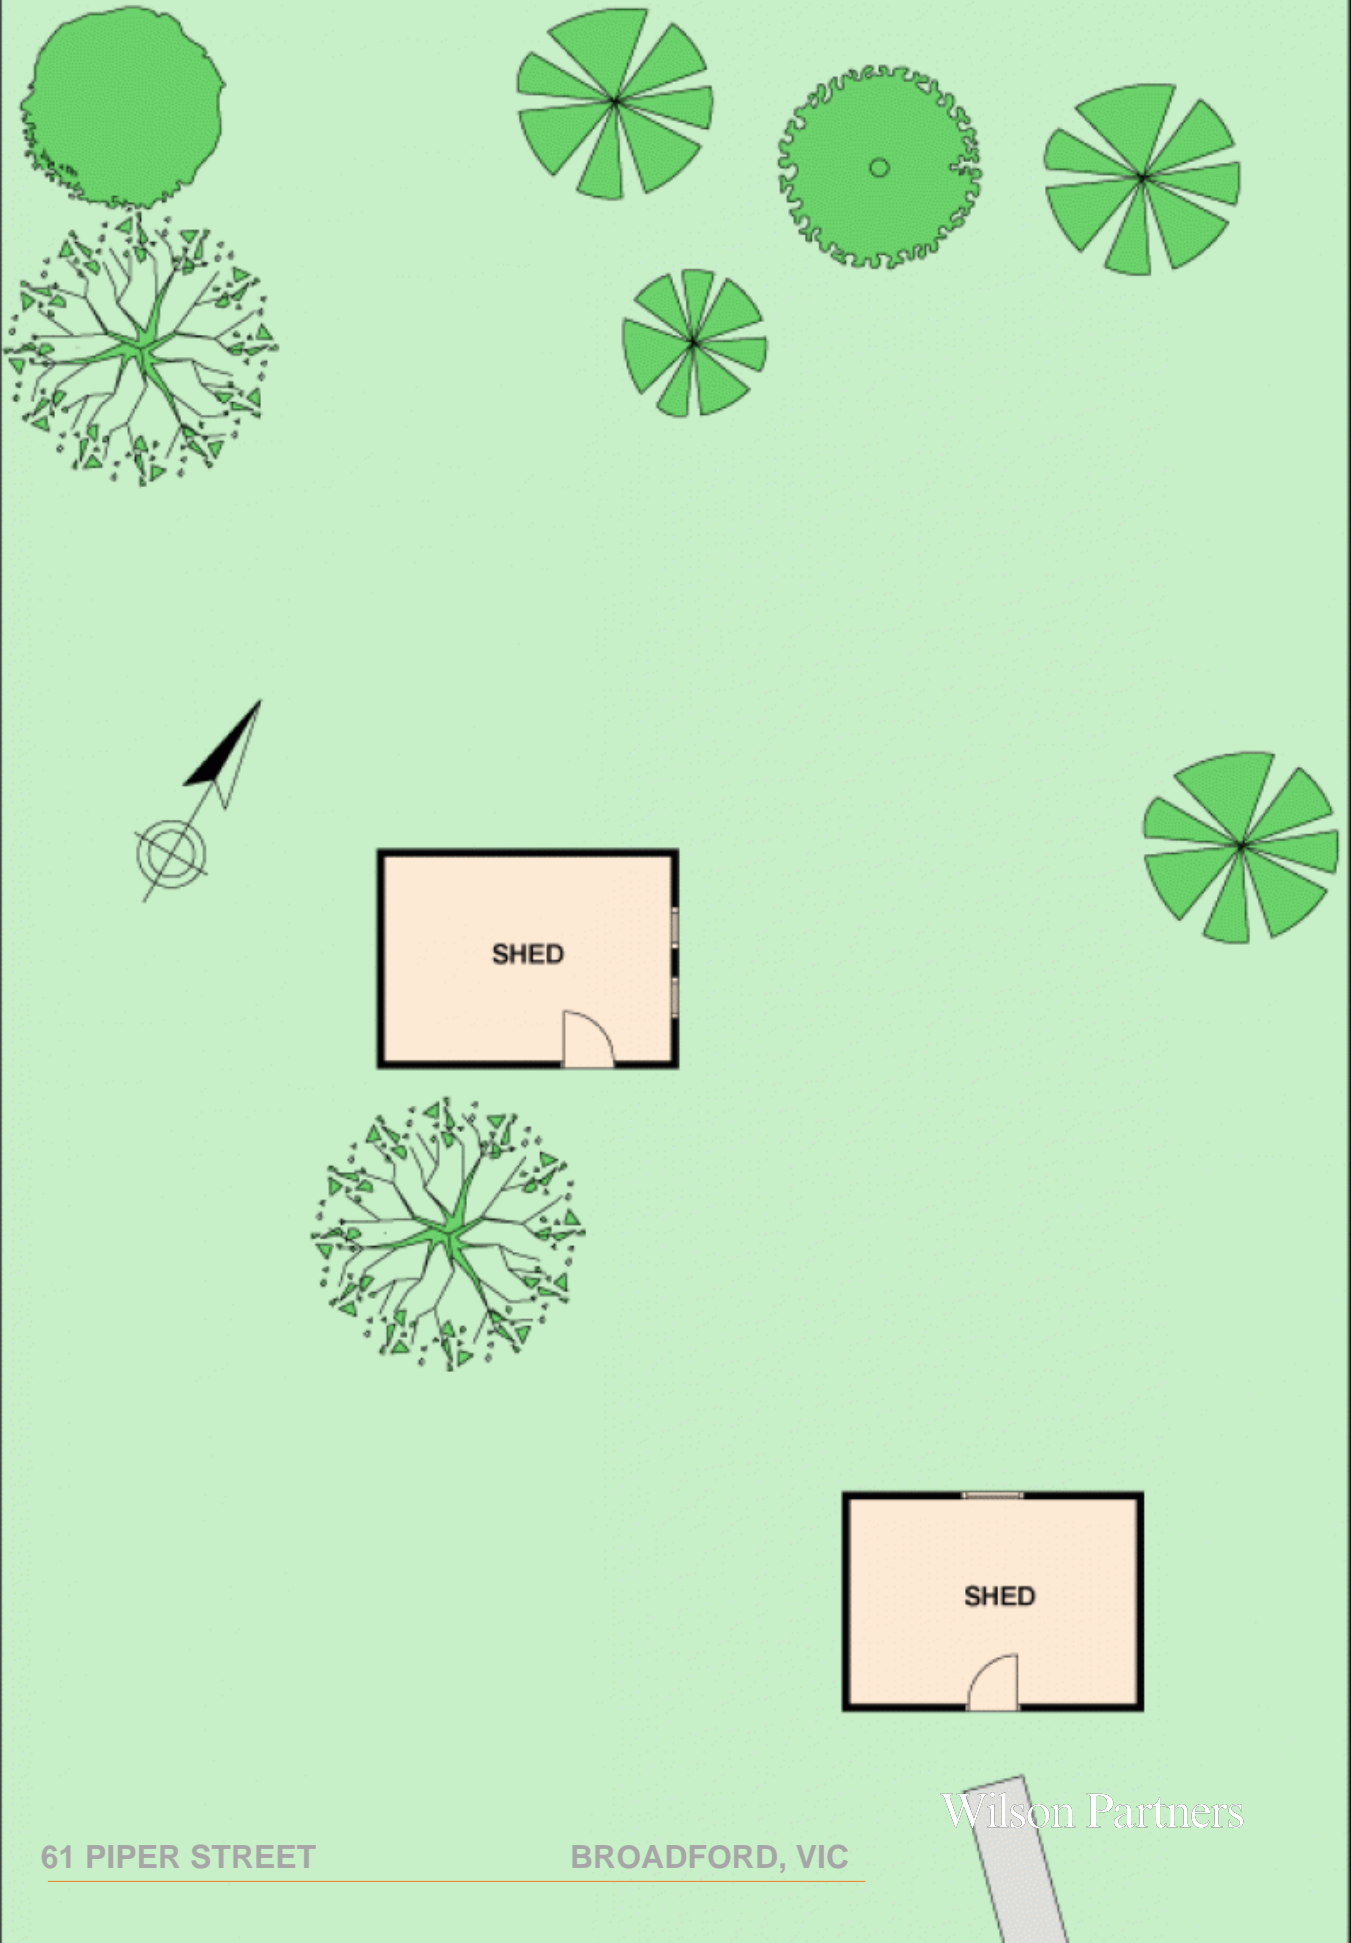

Two bedroom plus study, polished floor boards and large bathroom, open plan kitchen and large bedrooms with built in robes.

Outside is a huge backyard, sweet little sheds, single carport and the front has established gardens.

Yes she needs some fixing, yes she needs some painting, and yes she needs a facelift, but once that's completed, you have a delightful property that will happily see you out for many years to come.
