YEAH BABY!!!

1/2 acre approx...

Set in the era of the shagadelic 70's, this cute as cottage is the ideal weekend getaway.

Two bedrooms that are huge, built in wardrobes, quaint kitchen with electric cooking facilities, lounge that is full of natural sunlight via two large sliding doors front and back, and a verandah at the front that overlooks land, land, land and a creek running through to give you the water feature that you don't have to maintain.

Pot belly heater, split system, double garage, gazebo and BBQ area, this is the perfect "get away from it all"

You think the "Castle" had it all?

Nuh uh - Here's the serenity!
