"INVESTORS DELIGHT"

Hey, this is a great property on a large block of approximately 800m², well positioned and ideal for first home buyer and/or investor. This is buying at its best, rental potential is outstanding and investors could be looking for a return of around 6% per annum. What are you waiting for? Three good size bedrooms with built in robes, a very comfy lounge with open fire place and large window and a great kitchen complete with corner pantry, wall oven and sliding door to the external paved area. Don't let this one slip through your fingers, buy now and expand your investments. Call today for an inspection!
