Stunning Views

Less than 18 months old, this beautifully designed home offers spacious open-plan living and a great child-safe outdoor area for entertaining and having fun.

You will have 4 large bedrooms, 3 of which have built-in robes.

The master is serviced by a walk-in robe and ensuite with double vanity.

With ample living areas, this is a home to enjoy with your family and friends.

Stainless steel appliances and plentiful cupboard space and walk-in pantry/storage in the hostess kitchen will be appreciated.

Ducted heating and split system heating and cooling will give you comfortable living all year round.

Internal access to the double remote garage is a practical design point.
