DELIGHTFUL!

It's a 3-bedroom family home with such a lovely layout it's going to be gone in a flash. Lovingly presented and care for, the home features walk-in robe, walk through to bathroom from master, large rooms, built-ins, ducted heating, split system, double garage, double carport, pergola . . . do you need more? Come and see it if you're quick. A perfect investment if you're after something to rent out, otherwise just move in and have a great life.
