

88 ROULSTON WAY WALLAN, VIC

FIRST CLASS LIVING

You said: "I want a house with everything done.... but this one must have only the best!". This is just what you wanted - At the top of the street, with 'forever' views to the city, is an exceptional home of luxurious standards. A stamped-paved driveway, enveloped by classic gardens, leads to double doors passing to formal entry. A well-lit study of queen-bed proportions just off the foyer is opposite an ample master bedroom with walk in robe and ensuite featuring a "party shower".

The hallway leads to a decadent formal living area complete with raised, elegant, polished hard wood floors.

A hostess kitchen features extensive pantry and bench space, including large open plan family room for the perfect gathering.

Good friends, Great parties and Great living.

A sizeable wood heater and ducted gas heating along with instant gas hot water will ease the chill of the cooler months. Step outside to spacious, fully covered outdoor living - cook up a storm on your in-built barbeque, while listening to the soothing, tranquil sounds
