A Must See

Location, size, presentation, price - this property ticks all the boxes.

Sitting on the high side of a lovely wide and quiet street within a short walk to shops, railway station, schools and even the golf course, the views to Mt Disappointment and everything else about the home will not disappoint.

The home has 3 spacious bedrooms, all with built-in robes, the bathroom is big and beautiful, the L-shaped lounge invites you to relax whilst the kitchen and adjacent dining area are practical and family friendly.

A single garage/workshed, plus garden shedding and chook yard still leave a massive back yard complete with established gardens, a lovely shade tree and laneway rear access.

Truly a property to impress, you must not delay in arranging a personal inspection.
