Stress Less

What a fantastic opportunity this charming property is!

Located in one of the best streets in town and within walking distance to the railway station and shops, the 2 bedroom unit offers you comfort and security with the benefit of low maintenance. It is the front of only 2 units separated by the single carports, so privacy and independence will be a bonus.

An appealing fenced back yard complete with storage room and the spacious front yard will allow you to enjoy gardening to your heart's content.

The interior of the unit is pleasing and practical with an emphasis on comfort.

An excellent investment property to add to or start the portfolio, or a beautiful little home for winding down.
