Be wrapped up in the comfort of this home with its wide verandas on all 4 sides protecting you from the elements and keeping your family warm & cosy inside.

As you enter this lovely welcoming home built with 9' ceilings and colonial windows - the country charm continues into the family lounge room and your comforts taken care of with a gas coonara, split system & ceiling fan. Meander into the big timber country kitchen, meals/ family room as everyone comes together to chat about the events of the day.
