SHHH; IT'S THE NEW KID

Shhhh! Very quietly, we present this fabulous home on a great block of land with side access and double garage. Walk in robe, ensuite to the master and built in robes in the remaining two bedrooms, this is truly a pristine and practical family home. From the lounge, the family and well appointed kitchen flows through to a very generous alfresco complete with ceiling fan. This has all the goodies, great location, close to schools, shops and easy access to the CBD either via the Hume Freeway or by train with a direct line. Whether you fancy an investment or you're a first home buyer? Maybe you just want to get out of the big city smoke. Whatever the reason call me for an appointment today and take a look, but don't tell anyone!
