BE PART OF KILMORE'S HISTORY

Oh, this one is a must see!

Your breath will be taken away from you as you experience this beautiful period unit positioned perfectly only 200m walk from the main street in Kilmore.

Circa 1860's, if these walls could talk I am sure they would have many stories to tell.

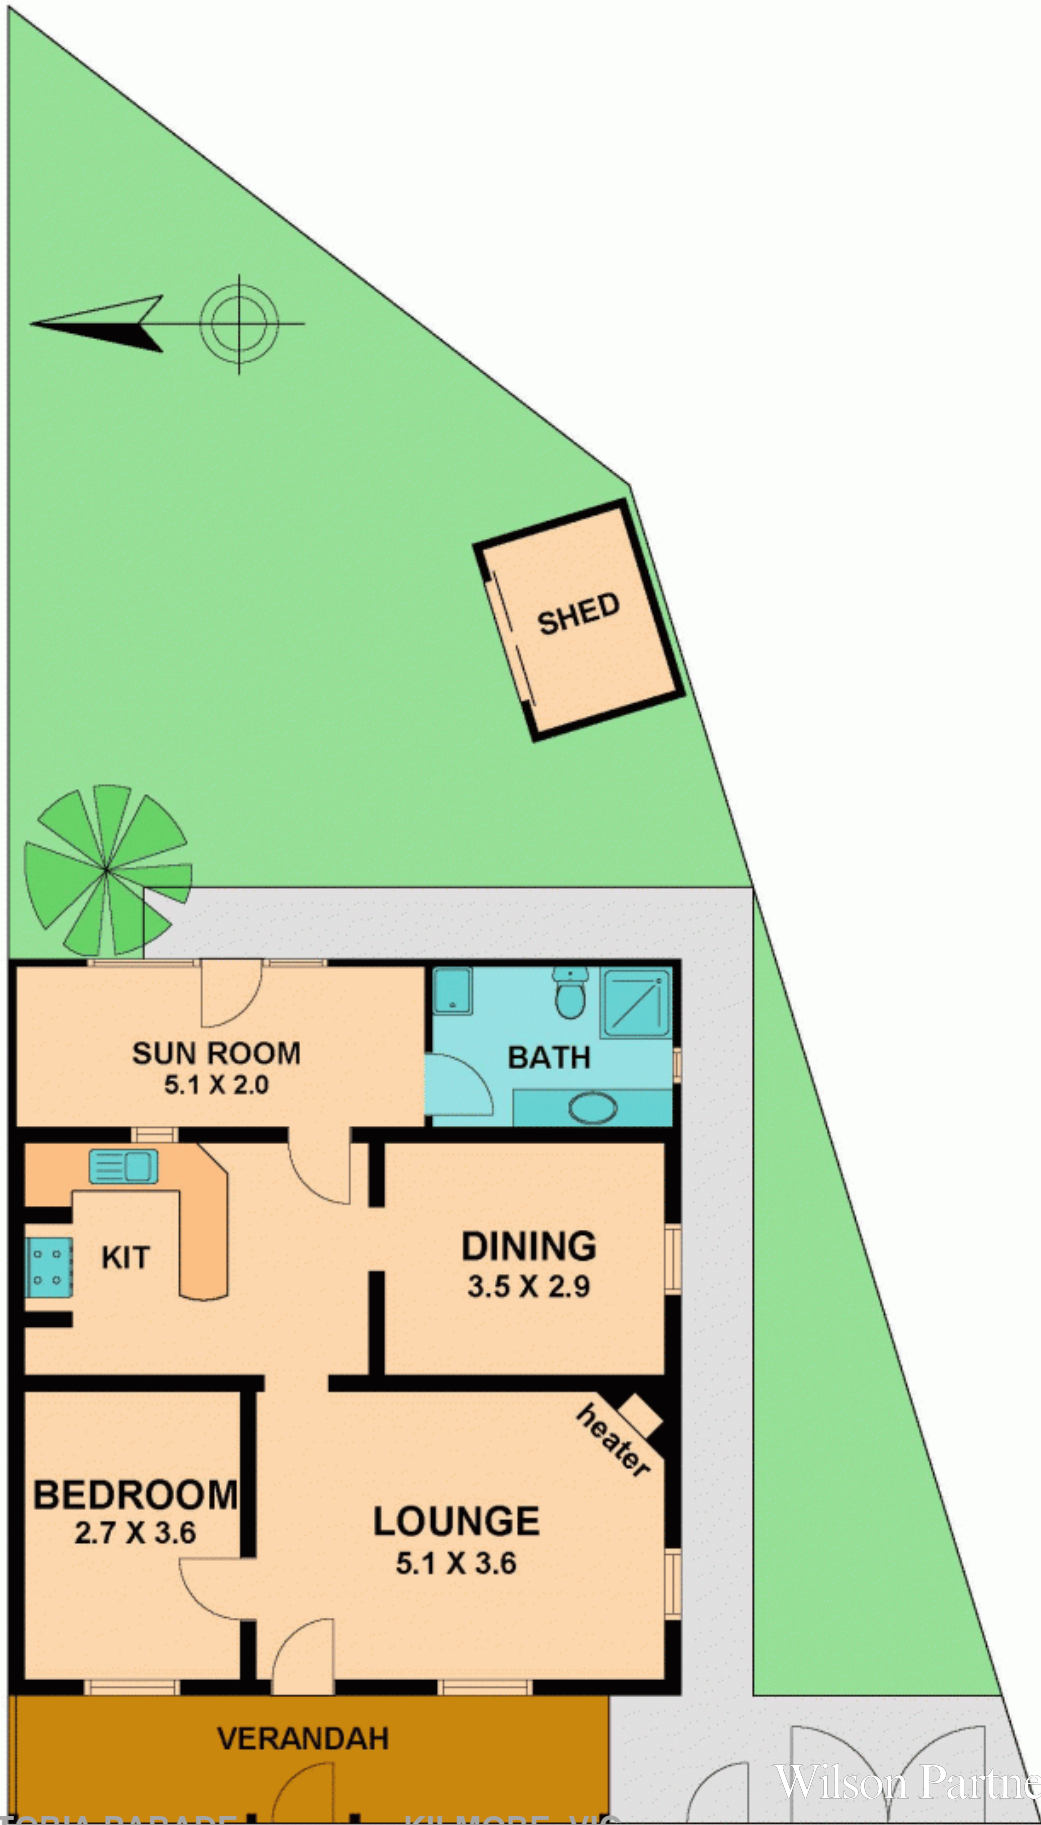

Entry through the gated picket fence will lead you to the inviting front door sheltered under a veranda through which you access directly into the living area of the dwelling.

The living area is bright and heated for your comfort by a gas heater in the old fire place.

A bedroom to the front of the unit and off the living area is generous.
