## THIS WILL BLOW YOUR MIND!

Luxuriate in this architect-designed homestead engulfed in spectacular *forever* views. Embodying the idyllic rural living benchmark of privacy, comfort and security, this property showcases the best in stylish design and is just a heartbeat away from the shops, sports and schools of Kilmore. Superior appointments and quality finish form the connections between the constant distraction of the views, enjoyed by every room.

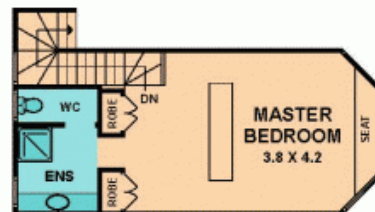

A multi-functional floor plan offers options to suit today's flexible households. The all-weather terrace provides a safe and expansive space that blurs the lines between indoor/outdoor living. The penthouse suite will blow your mind with even better views - the master has the entire upper floor - utterly divine!
