GRAND 'OLE LADY

Not that long ago this was an outstanding home.

The formal dining room has views to the front of the home through a bay window. The kitchen is open to a large slate floored meals area and family room and adjacent to this is a sizeable separate rumpus room heated in winter with a solid fuel heater. The master suite has a huge walk-in robe and a plentiful ensuite with toilet combined. On the outer as previously mentioned is a double carport under roofline and to the rear some basic sundry shedding and a dog run.

If you are up for a challenge and love transformation this one is for you!
