"Luxury Levels"

Who said you can't have your cake and eat it to!

Well here it is, in excess of 2ha of very nice slightly undulating land, well maintained with a home of grandeur commanding 360o views. Upstairs there are three double bedrooms all with built in robes, and a very large separate retreat, suitable for a library area, additional study or children's play area. The large master suite is well finished with an elegant ensuite and very roomy walk in robe with the main bathroom being of equal standard. Downstairs, quality tiles flow from the entrance past the study (with garage access), and the lounge through to the kitchen/meals and large family area. The very generous laundry with plenty of storage is well equipped to cater for the largest of families and for year round climate comfort there is ducted heating and cooling. Properties such as this, in a great area don't come along very often. Easy access to trains, freeway, schools and shops, this is where you want your children to grow up. One of the best homes in the area, call now for an inspection!
