

89E High Camp Road KILMORE, VIC

WONDERFUL

A most gorgeous block of land just shy of approximately 20 acres is placed here for you to consider.

Softly undulating land falling towards what we believe to be a permanent creek, also boasts power on the property and outstanding rural views.

Some mature gum trees and a few granite boulders that are indicative to the area, give the block more to boast about.

Creek frontage is available and the Vendor also mentioned a natural spring for extra water.

What more could you want?
