## AVENEL HOUSE FOR SALE

This is the investment property you have been looking for! Possibly even the new family home.

Imagine? a large, solid, brick veneer home built centrally on a flat block of approximately 1/4acre, two minutes to the school and one minute to the local sporting grounds.

The property would also have to have an undercover carpark with direct access to the home and the outside would be clean, simple and ready for anyone to put there green thumb into action!

Get in quick before someone else makes this dream their own reality.
